

Modulo

With its denser drawer arrangements, Modulo offers a lower-cost drawer solution that still provides the ease-of-use SupplyPoint is known for.

PRODUCT OVERVIEW

Combining drawers made of high-impact plastic with high-gauge steel frames constructed in SupplyPoint utilities, the Modulo Vending Machine offers high-density storage in individually-indexable drawers.

Mini Modulo allows you the option of a cellular solution by giving you **up to 36 drawers** in a chassis that can be placed on a table, but can also be expanded by connection to other units.

With **up to 12 compartments per drawer** location and with the ability to **connect up to ten units on a single computer**, the Modulo Vending Machine offers you **up to 21,600** individual spaces for Items.

Using the **VendTel** User Interface, the Modulo Vending Machine can stand alone, join with other Modulo units, or join in installations mixed in with other SupplyPoint Vending Machines to serve your inventory control needs.
