High quality, reliable, 10.1 inch screen

Secure Locations
Up to 36 secure locations in a single frame for a total of 432 compartments

Easy Scoop Design
"Easy Scoop" design of compartments in a drawer ensure a smooth retrieval of contents. Made from strong ABS plastic and housed in a steel frame, Modulo Mini is a robust and reliable product.

Accountability
The unique SupplyPoint software provides a complete audit trail on who, when, where and why about the usage of any component within the system.

![SupplyPoint logo]

Combined with our powerful SupplyPoint Inventory Management Software the SupplyPoint MODULO MINI provides a versatile, high capacity solution to meet the unpredictable challenges of logistics and supply chain management.

CONFIGURABLE
Modulo Mini can be configured to provide different size drawers and compartments. The unit can be connected to any existing SupplyPoint frame, to add additional capacity

STAND ALONE
The Modulo Mini is available currently as a Stand-Alone unit only

DRAWER OPTIONS
Modulo Mini currently supports 5 different drawer sizes.

MANUAL OVERRIDE
The override mechanism provides a backup access method should power be lost.

COMPATIBILITY
The Modulo Mini is completely compatible with all existing SupplyPoint machines running V4.2.3.63 software or higher.

COMPARTMENTS
Drawer compartments can also be reconfigured to accommodate changing inventory. This can be completed with minimal downtime.
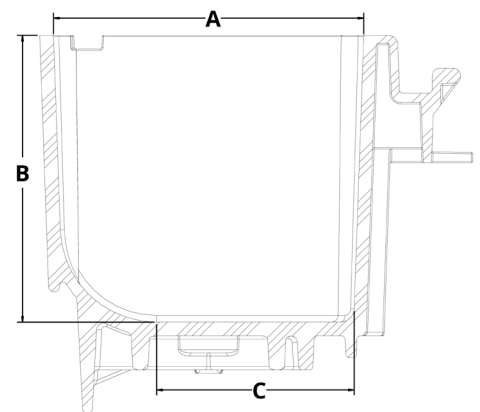

EFFICIENCY
Multiple drawers can be selected in one transaction minimizing the time required to manage large volumes of stock.
