

28-Level

With a 25-year track record and unmatched versatility, the SupplyPoint 28-Level vending machine is a proven and reliable inventory management solution.

PRODUCT OVERVIEW

Constructed from high-gauge steel in SupplyPoint's Durham, NC and Rugby, UK facilities, the 28-Level Vending Machine is as tough as they come and will keep your inventory secure.

Easy to configure, the 28-Level Vending Machine supports **19 different individually indexable drawers** and **3 different cupboard modules**. As your needs evolve, you'll find the 28-Level Vending Machine easily reconfigurable to fit your changing environment.

With **up to 12 compartments per drawer** location and with the ability to connect up to ten units on a single computer, the 28-Level vending machine offers you **up to 13,353 individual spaces for items**.

Using the **VendTel** User Interface, the 28-Level vending machine can stand alone, join with other 28-Level units, or join in installations mixed in with other SupplyPoint vending machines to serve your inventory control needs.
